

Torch of Liberty Initiative

DECEMBER, 2024.

We extend our warmest greetings and best wishes to you. With deep gratitude, we want to express our sincere appreciation for your individual and collective inclination to the tenets of kindness. Every gesture be it ever little, you make in the name of kindness contributes to a better world.

This past year has been truly remarkable, and we can confidently say it was beautiful because of each and every one of you. Your commitment and demonstration of kindness have illuminated paths beyond our community, guiding us every step of the way.

Fueled by your love and strong desire for a kinder society, we are excited to embark on another year together!

May the new year increase our resolve to be consistently intentional about improving on existing realities even as we sprinkle our every thought, word and action with kindness.

Happy New Year!!!

Show kindness, even when no one is watching. Every small act of kindness helps to create a better world for everyone.

12 DAYS OF CHRISTMAS

In a festive spirit, we launched an exciting initiative called "12 Days of Christmas." Three of our dedicated members, Achir Jennifer Terhide Chidiebere Okafor and Comfort Uloko, participated in this challenge and each received a giveaway of 10,000 Naira

COMMENCEMENT OF T.A.L.K.T.E.C.H

We are excited to announce the launch of T.A.L.K.T.E.C.H in the first quarter of 2025. This initiative, infused with kindness and powered by technology, aims not only to provide resources but also to equip individuals with the necessary skills, knowledge, and motivation to thrive. We look forward to maximizing the benefits of this program.

GED'S NUGGETS

Your existing habits might not be the best answers to the challenges you face; they are merely the strategies you developed, often out of necessity. Without changing these habits, this New Year will simply be another year rather than a transformative one. Cultivating a positive attitude and a sense of gratitude for life's many blessings can certainly elevate the altitude of our lives.
