Exciting January Updates

January has been filled with a variety of new activities! We are thrilled to announce that a Treasure Hunt page has been added to our official website, offering a unique user experience. We encourage all community members to visit the site regularly so you don't miss out on any of the fun.

We are excited to announce the launch of the highly anticipated empowerment program, T.A.L.K.T.E.C.H, which is set to begin this month! This is a unique opportunity that you won't want to miss. As the saying goes, true empowerment comes from learning how to fish rather than simply being given a fish. By participating in this program, you will gain valuable skills and knowledge that will foster sustainability and independence in your personal and professional life. Join us in making the most of this extraordinary offer!

A YEAR WITH BRIGHT PROSPECTS.

Let's work and hope for enough victories to keep us motivated while taking responsibility for enough mistakes to keep us working hard towards improvement, every step of the way.

While perfection is an illusion, improvements are an almost certainty – we can always get better, and yes, we will

- Raphael Ocheje
TLI USA Director

Every push of a kind act, be it ever little, propels the world to a better energy frequency and ultimately leads to the movement of success. While we can't disregard the presence of selfishness, greed and negative energy, we're inspired by the efforts of other kind people to keep the Torch of kindness burning.

We are often time so focused on figuring out the best approach that we never really get around in taking action.

It goes without saying, that in deed, being in motion doesn't always produce results, taking action does.

Which is why we all need to Take Action; Living Kindly.
