

# TORCH of LIBERTY INITIATIVE

**NEWSLETTER  
APRIL, 2025.**

Warm greetings from the Global Executive Director of Torch of Liberty Initiative and the entire T.A.L.K City team. As we step into the promising month of May, we extend our heartfelt welcome to you all. Our hope is that the uncertainties of April will give way to clarity and purposeful conclusions throughout May and beyond.

Last month was undoubtedly a busy period for us, as we focused on refining programs to maximize their impact and conducted essential assessments. As always, moving quickly without clear direction can lead to unintended consequences. To prevent this, it is crucial that our programs and initiatives align with specific key indicators and strategic goals.

We recognize the urgent and real humanitarian needs within our community and beyond, and we are working tirelessly to maximize the impact of the resources available to us. At this time, we urge you to choose not to embrace a mindset of scarcity, as it can leave people feeling empty even amidst abundance. To avoid fostering any sense of entitlement, we will refrain from making promises or announcements that might imply guaranteed outcomes. This is not to diminish the spirit of kindness-on the contrary, that light grows stronger and brighter with every moment.

Just as oxygen quietly sustains life without drawing attention to itself, we can show kindness and make a meaningful impact on one another without the need for fanfare.

A wide range of opportunities awaits you on our website. We encourage you to visit regularly to discover those that best align with your goals and purpose.

We live in a fast-paced world where events unfold at the speed of thought, and interests fade before we even realize they existed. But truly, if your passion relies solely on borrowed sparks, it's vulnerable to being extinguished by the slightest breeze. Discover what is genuine and meaningful to you, then nurture and grow it with care.

Creation was not completed in a single day, and it would be unrealistic to expect revelation to unfold all at once. Yet, as we commit each day to the journey of kindness, our shared humanity becomes the unifying force that grants us the grace to grow, thrive, and move forward as if there are no limits.

We look forward to having a great time with you as the month promises a graceful ride. See you in June.

#### **GED's NUGGETS**

Nothing is more lasting than a temporary fix—so when you have the chance, give it your all as if it's your only opportunity.

The Universe honors consistency, not fleeting efforts. Let's choose to live with intention, committing fully to the moments and actions that shape our lives.

-Malcolm Vingil
